Psychology Services Center, Columbia, South Carolina  
September 2023 - June 2025

**Responsibilities:** I provided regularly scheduled peer supervision to developing student clinicians as part of a peer supervision program started in 2023. I also supervised, with consultation from a licensed clinical supervisor, a therapy group for transgender adults based in Acceptance and Commitment Therapy (ACT), a group I facilitated as a student clinician in 2023 and 2024.

### **Mental and Behavioral Health Extern; Member of LGBTQ+ Integrated Care Team**

Prisma Health Infectious Disease Clinic, Columbia, South Carolina  
May 2023 - May 2025

**Responsibilities:** I provided psychotherapy to patients living with HIV at Prisma Health's immunology clinic, an integrated care setting. I used evidence-based practices and integrative approaches to support clients by building a therapy based on the individual. I took an ecological systems perspective to conceptualize cases and plan treatment, and worked collaboratively with a team of providers focused on LGBTQ+ health. As a member of this care team I provided consultation to other mental health-focused organizations, including the University of South Carolina's Center for Health and Well-Being and resident physicians and medical students at the University of South Carolina School of Medicine.

### **Outpatient Mental Health Extern**

Wm. Jennings Bryan Dorn Veterans Affairs Medical Center  
Columbia VA Healthcare Center Psychology Externship Practicum,  
Columbia, South Carolina  
September 2024 – May 2025

**Responsibilities:** I delivered brief psychological intervention as part of mental health care team focused on outpatient mental health. I utilized short-term targeted treatment as well as longer-term interventions through the lens of client-centered therapy. While working as an outpatient psychotherapy extern I was supervised by Dr. Amanda Willis, the Psychology Practicum Training Program Coordinator.

### **Substance Use Recovery Extern**

Prisma Health Infectious Disease Clinic, Columbia, South Carolina

December 2022 - May 2023

**Responsibilities:** I provided psychotherapy, with specific but not exclusive focus on substance use concerns, to patients living with HIV at Prisma Health's immunology clinic, an integrated care setting. My primary focus was on patients who are transgender, non-binary, or gender-diverse, as well as refugees and asylum-seekers, who are in the process of recovery from substance use disorders. I used evidence-based practices to support recovery and harm reduction, in addition to other clinical presentations. I took an ecological systems perspective to conceptualize cases and plan treatment.

## **Mental Health Extern**

CAN Community Health, Columbia, South Carolina

August 2022 - May 2023

**Responsibilities:** I provided psychotherapy and assessment to patients at CAN Community Health, an HIV and STI prevention and treatment clinic in Columbia. All of my patients were living with HIV and many are LGBTQ+ and low-resource. I saw patients presenting with concerns such as substance use, depression, anxiety, adjustment problems, serious mental illness (SMI), and concerns with treatment adherence. I worked closely with other clinic providers to help address therapy-preventing factors, like housing insecurity and financial barriers to care.

## **Student Clinician**

Psychology Services Center, Columbia, South Carolina

August 2021 - June 2025

**Responsibilities:** I saw adult therapy clients and a family client weekly and have facilitated a therapy group at the Psychology Services Center, the community-facing departmental clinic associated with the health services psychology doctoral programs of training. I used evidence-based therapeutic modalities and assessments in addressing issues like anxiety, depressive symptoms, relationship dysfunctions, adjustment problems, suicidality, and body image concerns. This role required flexible and compassionate therapeutic action, and consultation with my supervisors and other clinicians. I cofacilitated an Acceptance and Commitment Therapy group for transgender and gender expansive adults.

### **Familial and Sociopolitical considerations while working with gender diverse children and adolescents as an individual or family clients, presented to graduate student clinicians at the Psychology Services Center in Columbia, South Carolina [February 2025]**

I collaborated with Magdalena Moskal, M.A., to prepare and present an invited discussion focused on working with the family context with gender diverse children, especially given recent barriers to care facing gender diverse minors and their families in South Carolina and nationally. Content included basic terminology, theoretical frameworks and community/practical resources for families, and discussing this topic within sociopolitical context.

### **Working with gender diverse children and adolescents as an individual or family mental health clinician, presented to mental health clinicians at Ralph H. Johnson Veterans Affairs Medical Center [October 2024]**

I collaborated with Magdalena Moskal, M.A., to prepare and present an invited discussion and presentation to the Veterans Affairs Medical Center in Charleston, SC, focused on working with the family context with gender diverse children. Content included basic terminology, theoretical frameworks and community/practical resources for families, and discussing this topic within sociopolitical context.

### **Mental Health Consultant to Trustus Theatre's production of *Dandelion: An Original Musical* [August 2024]**

Along with my licensed clinical supervisor, I provided input and feedback on script and plot points in a musical theatre production focused on family systems and socioecological impacts of substance use crises and serious mental illness from the perspective of a practicing mental health clinician.

### **Writing a Mental Health Letter of Support for Gender Affirming Surgery, presented to University of South Carolina Center for Health and Well-being [February 2024]**

I collaborated with members of the LGBTQ+ care team at Prisma Health (Richland Hospital) to develop a training in GAS letter writing for mental health providers at the University of South Carolina. Content included basic terminology; World Professional Association for Transgender Health guidelines; the process of preparation, interviewing, and drafting a letter for GAS; examining a sample letter; and discussing this topic within sociopolitical context.

### **Mental Health Departmental Climate Survey: Presentation of Community-of-Care Basics, Columbia SC [August 2023]**

I developed a presentation based on student responses to a departmental survey about mental health, mentorship, and diversity, equity and inclusion in the psychology department. I worked collaboratively with the mental health and well-being committee and utilizing existing literature and qualitative data to lead a discussion of collective/community care to supplement self-care messaging.

### **Girls Rock Columbia, Columbia SC July 2022**

I delivered a presentation about mental health awareness and self-care to volunteers at an empowerment-oriented summer camp for children in Columbia, South Carolina. I provided resources for staff training and staff handbook materials related to mindfulness and mental health check-ins.

### **HYPE youth training pilot, Columbia SC June 2022**

I administered validated measures, led focus groups, and provided qualitative feedback based on qualitative data collection after observing a youth training for the Healthy Young People Empowerment Project (HYPE Project) curriculum changes.

### **International Volunteer Training, Trauma Informed Care and Communication, Bethlehem, West Bank July 2019**

I worked collaboratively to develop and administer training about trauma-informed care and communication for international volunteers at Tent of Nations (ToN) learning farm. I collected data before and after trainings and camp experience to measure growth in volunteer competence and cultural humility.
